Serenade

Did you see the lights? As they fell all around you Did you hear the music? A serenade from the stars

Wake up, wake up Wake up and look around you We're lost in our space And the time is our own

Did you feel the wind? As it blew all around you Did you feel the love? That was in the air

Wake up, wake up Wake up and look around you We're lost in our space And the time is our own

The sun comes up And it shines all around you You're lost in our space And the eart is you own

Wake up Wake up and look around you We're lost inner space And the time is our own
