Here we are, just sittin' here Knowin' we're all alone
My Rolley's lookin' at me
Sayin' it's time to get it on
You know what I want
And baby, I know what you need
So stop hesitatin', girl
And give your love to me.

All I really want is to love you, babe Make your body feel like heaven, babe I just wanna satisfy ya, babe That's all I want, that's all I want I just wanna give ya somethin', babe Just wanna keep it comin', babe I just wanna make you happy, babe That's all I want, that's all I want.

Though the fireplace is burnin' marshmallows just right To who it may concern
You won't be comin' home tonight
Body parts that he DON'T kiss
Girl, I will kiss for you
Just put this CD on the repeat
And let me pamper you.

All I really want is to love you, babe Make your body feel like heaven, babe I just wanna satisfy ya, babe That's all I want, that's all I want I just wanna give ya somethin', babe Just wanna keep it comin', babe I just wanna make you happy, babe That's all I want, that's all I want.

Now the swimmin' pool's out back Come on and skinny dip, baby Eat breakfast in the morning That'll be complements of me In the middle of the night There's no need for morning here So hold your pillow tight Cuz I wanna do it again and again.

All I really want is to love you, babe Make your body feel like heaven, babe I just wanna satisfy ya, babe That's all I want, that's all I want I just wanna give ya somethin', babe Just wanna keep it comin', babe I just wanna make you happy, babe That's all I want, that's all I want.

(Til the sun comes up)
Baby, we'll be makin' love
(And when the sun goes down)
Still we won't have enough

Take this love to you
I will take care of all you need
Baby, lets asure
I just wanna set you free, free.

All I really want is to love you, babe Make your body feel like heaven, babe I just wanna satisfy ya, babe That's all I want, that's all I want I just wanna give ya somethin', babe Just wanna keep it comin', babe I just wanna make you happy, babe That's all I want, that's all I want.
