

Can You Feel It

R. Kelly

Uhn clap your hands everybody
Can you feel it?
Can you feel it?
Ohh...

Sun is shining now, nothing but blue sky
The storm is gone away, here comes the perfect day
Burdens are off my shoulder 'cause my struggle's over
Climbed the mountains and we made it here

Can you feel it? Can you feel it?
Can you feel it? Can you feel it? Oh, yeah
Can you feel it? Ooh, can you feel it, yeah?
Can you feel it? Can you feel it, whoa, oh?
Can you feel it? Yeah, yeah
Can you feel it? Show your hands, let me feel it

Wind is under me, 'bout to spread my wings
Take off like a bird 'cause I've been set free
Beating of the drums, can you hear it?
I can feel the love and the spirit
A long time coming, now we made it home

Can you feel it? Can you feel it?
Can you feel it? Can you feel it?
Can you feel it? Can you feel it all around?
Can you feel it like a strong wind waiting to move?
Can you feel it? Oh, tell me can you?
Can you feel it? Feel it, oh

Started with a vision, it became a dream
Now from a dream to reality
Recognize with heaven on our team
We can accomplish anything

With desire to win in our hearts
The war is already won
And with the fire burning down in our souls
Let it be done

Well, let the gain touch the nations
And represent peace
Through all out the world
Let the calling set us free

All colors, all mankind
This is the perfect time
So blow your horns right now
To the sky

Can you feel it? Ooh, yeah, yeah
Can you feel it? Can you feel it, whoa
Can you feel it? Can you feel it?
Can you feel it? Can you feel it? Can you feel it?

Can you feel it? Can you feel it the victory in the air?
Can you feel it? See the spirit of love is everywhere

Can you feel it? We finally made it through somehow
Can you feel it? So let's rejoice, the storm is over now

Can you feel it? Blow, can you feel it? Come on and blow
Can you feel it? Blow, can you feel it? Blow
Can you feel it? Blow, can you feel it? Blow
Can you feel it? Blow, can you feel it? Blow

Can you feel it?
