

You Knock Me Out

R. Kelly

You got you got you got (whooh)
Come on baby and show me what you got
Come on baby (don't be shy, no don't be shy)
Let the music hypnotize you (whooh)

You got me feelin' good
From head to feet like I knew you would
Baby heaven must have broken the fall
Cause girl your love is out of control

In this corner (you are the champ)
It's you
Cause can't nobody do me like you do
Yeah

You hit me
You knock me out
Yeah you hit me
You knock me out

In this corner (you are the champ)
It's you
Cause can't nobody do me like you do

Come on come on baby Whooh
Come on come on baby
Come on Whooh
(Dance with me baby- Dance with me baby)
Oh
Come on baby

Like the father's house on Sunday morn
You give me joy
Like victory after the war
I'm comin home baby to ya girl

In this corner (you are the champ)
It's you
Cause can't nobody do me like you do

You hit me
Said you knock me out
You hit me
Girl you knock me out

In this corner (I'm the champ)
It's you
Cause can't nobody do me like you do

Dance with me baby
Da da da da da
Dance with me baby
Dance with me baby
Dance with me baby
Come on dance with me baby

Listen to me

Hey
Listen to me
Ooooh
The Melody
Oh girl
It's you
Cause can't nobody do me like you do

You hit me
Girl you knock me out
Yes you did
You hit me
Oh baby
You knock me out
Whoo

In this corner (I'm the champ)
It's you
Can't nobody do me like you do

Like a speed train in the way
You hit me baby
You knock me out...
