

# U Need Me

Ra

Hey,  
Hiii,  
Yeah I ca- I can see you.  
You look great.  
You think... maybe... you and I could go out sometime?  
That would be goo- that would be great.  
You're so, so beautiful.  
Hello.

Can you see me?

The scene of a crime,  
An outline in chalk,  
Like burgundy wine,  
There's blood where I walk.

The rain hits the ground,  
I feel myself ill,  
Eyes staring down,  
I keep my mind still.

I won't go away,  
I won't ever go,  
You can't make me leave against my will,  
I know where you live,  
I know what you want,  
Why won't you accept that you need me?

I'm in the backdoor,  
I keep out of sight,  
Walk soft on the floor,  
Don't turn on the lights.

They know what I've done,  
But still don't know how,  
Perhaps I should run,  
Just end this right now.  
Despite my better reasoning I continue  
To obsess about this strange beautiful woman  
Who would walk her dog each morning outside the  
Window of my street level apartment.  
Each day as she passed I wondered  
Whether she could see me hiding behind my curtains  
And asked me to take a walk with her and her pet.  
For one whole year I wondered if we could be together.  
But now I know that she would've hated me,  
If only she could...

I won't go away,  
I won't ever go,  
You can't make me leave against my will,  
I know where you live,  
I know what you want,  
Why won't you accept that you need me?

You need me,

You need me.

Why?

Why?

Why?

WHY?

I won't go away,  
I won't ever go,  
You can't make me leave against my will,  
I know where you live,  
I know what you want,  
Why won't you accept that you need me?

I won't go away, (I won't go away)  
I won't ever go, (I won't ever go)  
You can't make me leave against my will,  
I know where you live, (I know where you live)  
I know what you want, (I know what you want,)  
Why won't you accept that you need me?

You need me, yeah

You need me, [x7]
