

## What I'm About

Ra

As I lie awake at night  
And think of how I used to dream,  
I remember how it felt  
When I used to feel like me.  
The world could never understand.  
Perfection in a broken man.

You know it is a lot,  
What makes me tick,  
What I'm about.  
You know it is a lot,  
My beating heart,  
My world of doubt.  
What I'm about.

Did you ever think you saw  
From the corner of your eye,  
Something's there but then it's gone.  
Like a shadow passing by.  
My heart beats with a killer's rage.  
The vision of a future age.

You know it is a lot,  
What makes me tick,  
What I'm about.  
You know it is a lot,  
My perfect life,  
My world of doubt.

You know me.  
You made me.  
Destroy me.  
Create me.  
Forsake me.  
Degrade me.  
Won't somebody save me?

You know it is a lot,  
What makes me tick,  
What I'm about.  
You know it is a lot,  
My beating heart,  
My world of doubt.  
What I'm about.  
What I'm about.
