

## Alright, OK

Rachael Sage

The way that I get around the things that I'm afraid  
of is just to pretend some day I will..  
The way that I get around the things that I am scared  
of  
is just to pretend there is a pill.  
Someday I'm gonna take the biggest pill ever  
and then I'll be high as a kite.  
I never took a drug, I never drank no gin  
but I've never been quite alright.  
Alright, OK.  
Don't fight, just stay.  
The way that I get around what's less than entertaining  
is just to put on a uniform.  
I wanna put it and and suddenly I'm a lady  
and then a dramatic end in yore.  
Someday I'm gonna take the biggest leap ever  
and then I'll be high as the moon.  
I never took a drug, I never drank no gin  
but I've never been sane too soon.  
Alright, OK.  
Don't fight, just stay.  
OK, alright..  
Don't say goodnight, goodnight.  
The way that I get around the things that I am scared  
of  
is just to pretend I am the cure.  
For anything that anybody ever needed  
and then I am confident and sure.  
Someday I'm gonna take the biggest risk ever  
and then I'll be hot as the sun.  
I never took a drug, I never drank moonshine  
but I've never loved anyone.  
Alright, OK.  
Don't fight, just stay.  
OK, alright..  
Don't say you might, you might.  
Alright, OK.  
Don't fight, just stay.  
OK, alright..  
Don't say goodnight...
