4 Minute Warning

Radiohead

This is just a nightmare Soon I'm gonna wake up Someones gonna bring me round

Running from the bombers Hiding in the forest Running through the fields

Laying flat on the ground Just like everybody Stepping over heads Running from the underground

And this is your warning 4 minute warning

I don't wanna hear it
I don't wanna know
I just wanna run and hide
This is just a nightmare
But soon I'm gonna wake up
Someone's gonna bring me round

This is a warning 4 minute warning
