

## Lewis (Mistreated)

Radiohead

Bummed out again by your only business friend  
The smell of fear is thicker than you think  
Don't do it, don't jump

Changed shape to fit, in the end you just feel sick  
A million love songs under anaesthetic  
Hey don't do it, don't jump

Lewis, save yourself the pain, you'll never get there  
Lewis, save yourself the pain, it never really mattered

We never noticed, we never understood  
He just get crushed to fit, he never even smelt out the best  
It's the best, it's the best day of your life

Lewis, save yourself the pain, you'll never get there  
Lewis, save yourself the pain, it never really matters

No, I swear, I swear, I swear  
Oh, mistreated, a low corporate  
Mistreated, a low corporate

I don't wanna to talk about it  
I don't wanna to talk about it  
I don't wanna to talk about Lewis, Lewis, Lewis  
I don't wanna to talk about Lewis, Lewis, Lewis
