

Dip My Toe

Rae Morris

Doing it for the first time
We'd better hope our bodies rhyme
Gonna dip my toe, my toe into the water

I wonder, would you treat me like you've seen it all before?
Or will you be another only taking what you want?
Turn and face the skylight and surrender your control
If you like me, let me know

You've gotta do your time, work for it
Show me something magic
Are you gonna make this rush or take it slow?
If you like me, let me know
But I'm warning you babe;
If the sparks don't fly, you can wave bye-bye

Doing it for the first time
We'd better hope our bodies rhyme
Gonna dip my toe, gonna dip my toe in the water
Doing it in the first light
We'd better hope it feels right
Gonna dip my toe, my toe into the water

Why'd I get the sense that you're pretending to relax?
It's the frequency of exhales when you're breathing down my back
I could be too quick to judge and let a chameleon through the cracks
So if you like me, show it back

You've gotta do your time, work for it
Show me something magic
Are you gonna make this rush or take it slow?
If you like me, let me know
But I'm warning you babe;
If the sparks don't fly, you can wave bye-bye

Doing it for the first time
We'd better hope our bodies rhyme
Gonna dip my toe, gonna dip my toe in the water
Doing it in the first light
We'd better hope it feels right
Gonna dip my toe, my toe into the water
Doing it for the first time
We'd better hope our bodies rhyme
Gonna dip my toe, gonna dip my toe in the water
Doing it in the first light
We'd better hope it feels right
Gonna dip my toe, my toe into the water

I'm ready for a taste of your kiss
And I've never wanted something so badly
I've been picturing a moment like this
Yeah, you and I
Yeah, you and I
Yeah, you and I
Yeah, you and I
Yeah, you and I

Doing it for the first time
We'd better hope our bodies rhyme
Gonna dip my toe, gonna dip my toe in the water
Doing it in the first light
We'd better hope it feels right
Gonna dip my toe, my toe into the water
Doing it for the first time
We'd better hope our bodies rhyme
Gonna dip my toe, gonna dip my toe in the water
Doing it in the first light
We'd better hope it feels right
Gonna dip my toe, my toe into the water
Doing it for the first time
We'd better hope our bodies rhyme
Gonna dip my toe, gonna dip my toe in the water
Doing it in the first light
We'd better hope it feels right
Gonna dip my toe, my toe into the water
