

You can write the next line, baby you've been wasting time  
We can make our bodies rhyme, our lives intertwine  
And if you've gone cold, you don't let it show  
There's a deeper place that we can both go  
You tell me that I'm wild eyed, baby you're just being kind  
Never going outside, we are working overtime  
Yeah, do like when I'm staying the night  
With the temperature just right

We could write another duet  
Or instead babe, we could just do it  
Duet, do it, do it, duet, do it, do it, do it  
Let's do something that we might regret  
Take your guard down, I can see through it  
Do it, do it, do it, do it, duet, do it, do it

You call me by my real name, I will keep you entertained  
Everybody speculate, we've got things to recreate  
Can we do this without all of the lights?  
(They're awfully bright)  
With the temperature just right

We could write another duet  
Or instead babe, we could just do it  
Duet, do it, do it, duet, do it, do it, duet  
Let's do something that we might regret  
Take your guard down, I can see through it  
Duet, do it, do it, do it, do it, do it, do it

Duet, do it, do it, do it, do it, do it, do it, do it

And the road that I dream on  
Is the road we're already on  
And it feels like we are already strong  
So I won't have to wait long  
For what have we been getting on?  
And it feels like if we could get it on  
We'd be more than just someone  
We could move things along

We could write another duet  
Or instead babe, we could just do it  
Duet, do it, do it, duet, do it, do it, duet  
Let's do something that we might regret  
Take your guard down, I can see through it  
Duet, do it, do it, do it, do it, do it, do it  
We could write another duet  
Or instead babe, we could just do it  
Duet, do it, do it, do it, duet, do it, duet  
Let's do something that we might regret  
Take your guard down, I can see through it  
Duet, do it, do it, do it, duet, do it, do it
