

Biscuits in the Oven

Raffi

Biscuits in the oven, gonna watch 'em rise
Biscuits in the oven, gonna watch 'em rise
Biscuits in the oven, gonna watch 'em rise
Right before my very eyes.
When they get ready, gonna jump and shout...
Roll my eyes and bug them out-hey, hey
Gonna clap my hands and stomp my feet...
Right before the very next beat-
Biscuits in the oven, gonna watch 'em rise
Biscuits in the oven, gonna watch 'em rise
Biscuits in the oven, gonna watch 'em rise
Right before my very eyes.
Gonna look both ways when I cross the street...
Gonna take my time when the light turns green
