

Anybody Home?

Rage

Is there anybody out there?
Hey people, why can't you see all the signs?
Is there anybody out there?
Hey people, is anybody home?
Is anybody home?

Open up your blind eyes everybody now!

You have a right
To live in your privacy
To speak out aloud and free
Nobody else can decide for you to be

Nobody else is fuckin' right
To take away intimacy
To steal your creativity
Nobody else can tell you what you gotta be

No, say no! They kill democracy
No, say no! Where are you?
So tell me

Is there anybody out there?
Anybody home?
Is there anybody here to see?
Someone to say "no"?

Open up your blind eyes everybody now!

I don't want you
When I'm talking on the phone
I feel stripped down to the bone
And just to know that you follow all my tracks

What do you know? I don't want you
To read all my fuckin' mail
To see the black under my nail
You gotta go, so get out of my life

No, say no! They kill democracy
No, say no! Where are you?
So tell me

Is there anybody out there?
Anybody home?
Is there anybody here to see?
Someone to say "no"?

Is there anybody out there?
Hey people, why can't you see all the signs?
Is there anybody out there?
Hey people, is anybody home?

Is there anybody out there?
Anybody home?
Is there anybody here to see?
Someone to say "no"?

Open up your blind eyes everybody!

Is anybody home?
