

That Way Act I

Raheem DeV Vaughn

This is a nasty song
One time for the nasty song

I, I can't tell you how we got here
Think I'm gon' need a few rubbers
And I don't even know you, baby
But I feel like I love you
Feel like deja vu, so familiar
Like I already know your anatomy, baby
From head to toe
Conversation, if I ain't got your ear
I ain't got your mind
Enjoy the redness of my tongue going down your spine
I'm willing to do all that's required
I don't get tired

If you want it, you can get it, I could hit it, I could hit it that way
That way, babe (Alright, now)
That way, baby (Go, sexy)
If you want it, you can get it, I could hit it, I could hit it that way
That way, babe
That way, baby (In the mirror, yeah)
If you want it, you can get it, I could hit it, I could hit it that way
That way, babe (That way)
That way, baby
If you want it, you can get it, I could hit it, I could hit it that way (Feel
you)
That way, babe
That way, baby (That way)
If you want it, you can get it, I could hit it, I could hit it that way

We can make love, we can fuck
In any position, I'll switch it up
Feel me in your mind, feel me in your gut
The head game good how you stutter when you start
Let me see you loud and clear
Be nasty as you want in here
And if you want to climb the walls
Then hang from the chandelier
Every which way that you want to
That's every which way that I want you
I'll be on your body like bath-works
I'll be on your body like tattoos
With my tongue in your mouth french kissing, so good
Screaming Lord have mercy

If you want it, you can get it, I could hit it, I could hit it that way
That way, babe (That way)
That way, baby (That way)
If you want it, you can get it, I could hit it, I could hit it that way (Push
your legs back)
That way, babe (That way)
That way, baby (Sex, sex)
If you want it, you can get it, I could hit it, I could hit it that way
(Hit it, baby, right there)
That way, babe
That way, baby (Come 'round my way)

If you want it, you can get it, I could hit it, I could hit it that way
That way, babe
That way, baby (Ooh)
If you want it, you can get it, I could hit it, I could hit it that way

If you want it, you can get it, I could hit it, I could hit it that way
That way, babe (You can explode)
That way, baby
If you want it, you can get it, I could hit it, I could hit it that way (God
dam)
That way, babe (You could feel wet that way)
That way, baby
If you want it, you can get it, I could hit it, I could hit it that way
(Doin' this overtime)
That way, babe
That way, baby
If you want it, you can get it, I could hit it, I could hit it that way
(I wanna kiss on you that way)
That way, babe
(I wanna love on you that way)
That way, baby
(I wanna lick it, wanna hit it, gotta get it that way)
If you want it, you can get it, I could hit it, I could hit it that way
That way, babe
(That way, that way, that way)
That way, baby
(That way, that way, that way)
If you want it, you can get it, I could hit it, I could hit it that way
That way, babe
(That way, that way, that way)
That way, baby
