

# One More Night

Rahsaan Patterson

Stay  
Please stay  
One more night  
Yeah sexy

I can't understand why you're leaving me  
You're going too early, baby, stay at home  
'Cause home is right here with me  
Baby, I can make it right, I'm begging you to see

Stay  
Please stay  
One more night  
Stay, one more night

I know I haven't been always been there for you  
I want you to understand my feelings they're still true  
My love is just as strong as on the day we met  
And if you give me another night, I'll prove my love to you

We can do it  
Baby, we can do it tonight, yeah  
[Incomprehensible], yeah

I'm in no way prepared for you to leave  
The thought of you leaving me drives me crazy  
I'm down on my knees and here I will stay  
All I need is one more night to make you stay

Stay  
Please stay  
One more night

Stay  
Stay  
Please stay  
One more night

Stay  
Stay  
Please stay  
One more night

Stay  
Stay  
Please stay  
One more night
