

When It's All Over

Rain

Deep into the darkness
We all got lost
Caught out in the rain storm
Bullets falling fast

Calling to the afterlife
Can you hear us when we cry
Call out to the after life
Can you show us how to fight

It's all gone wrong
Heaven hold us
We've lost the sun
Heaven told us
The world was strong
Heaven hold us
Where do we go
When its all over

Come back from the future
Before we didn't fall
Can the broken sky unleash
One more sunrise for the dawn

Call out to the after life (oh oh oh)
Can you hear us when we cry

It's all gone wrong
Heaven hold us
We've lost the sun
Heaven told us
The world was strong
Heaven hold us
Where do we go
When its all over

Where do we go (go)
When its all over X 4

It's all gone wrong
Heaven hold us
We've lost the sun
Heaven told us
The world was strong (hold us hold us)
Heaven hold us (hold us, heaven hold us)
Where do we go (oh oh oh)
Where do we go
When its all over
