

Someday

Raisa

I hope that I could one day
Say the things I wanna say to you
With no hesitation
Don't care if you stay or leave tonight
I need somebody who cares
A man who gives a damn one more than you
Yes, I hope someday
Oh God, please someday

I hope I'll never miss you, and I
Hope that I can learn to unlove you
Couldn't ever really trust you, baby
Couldn't ever really love you the way that I wanted to show my lovin'
Never, you never let your guard down for me
So why do you tease me, kiss me, and hold me

We fight and kiss everyday
Break up and make up, start all over again
We fight and kiss everyday

Tell me, all of the things you'd say
If you knew you'd never hear from me again
Show me you'd fight for me
At least pretend to try
Before we're out of time

I said it all before
Must I say it again?
Who in the hell you think you are
To tell me, baby, let your guard down
I gave you love, you cut
And blame the scars on me for feeling burned out

We fight everyday
But God knows how much that I need you to stay

Tell me, all of the things you'd say
(Things that you'd say)
If you knew you'd never hear from me again
(Hear from me again)
Show me, fight for me
At least pretend to try
Before we're out

Tell me that you need me, baby
Tell me one more time
Show me that you love me, baby
Love

Tell me
All of the things you promised
You said you'd be there
Told me again and again
That you'd try!

If you knew you'd never hear from me again

Show me and fight for me
At least pretend to try
Before we're out of time

Tell me
(Say what you need to say)
Say what you need to say
Oh, what if this is goodbye?
(Tell me everything on your mind)
Cause, oh baby, baby, baby I
We're running out of time
