

Everything That Touches You

Bonnie Raitt

You say, you're all alone with visions all you're own
The things you feel nobody feels the same
But you know me, you know what I've been through

And everything that touches me
And everything that touches me
Everything that touches me, touches you

Friends are all alone, may lighten up your love
By saying what they think, you really want to hear
But I'll only tell you what I've been is true

And everything that touches me
And everything that touches me
And everything that touches me, touches you

Shame 'cause I can't take you there
Unless I know a part of what you're thinking
Care 'cause it's only fair
Darling can't you feel my heart is breaking
My heart is breaking

Everything that touches me
Everything that touches me
Everything that touches me, touches you

Everything that touches me
Everything that touches me
Everything that touches me, touches you

Everything that touches me
Everything that touches me
Everything that touches me, touches you
