

Give It Up or Let Me Go

Bonnie Raitt

Well, I told you, pretty baby, such as long time ago.
Well, if I found you with another,
I'd walk right out your door.
Whoa, you might call me crazy,
but there's one thing you should know.
Well, if you want me to love you've got to
Give it up or let me go.

I know it's useless to be jealous.
I couldn't tie you if I tried.
When I think of you messin' behind my back,
It brings a pain I just can't hide.
Oh baby, I've been true to you.
And if I can make that sacrifice,
Honey, you can do it too.
Oh, play back now.

Well, you come home drunk and nasty.
You won't tell me where you've been.
Just when things are nice and sweet,
You're going back out again.
Why do you wanna mess up a good thing?
I'm gonna find me another man.
One who wants to give me everything.
Oh, mister piano man.

Well I told you, pretty baby, such as long time ago.
If I found you with another,
Well I'd walk right out your door.
Might call me crazy,
But there's one thing you should know.
Aaah, honey, if you want me to love you've got to
Give it up or let me go.
Oh, give it up now boys.
That's right!
Aaah, shake it, don't break it
