

Louise

Ralph McTell

I woke up this morning,
Louise had gone
Left me so blue I was
Singing this lonesome song
Louise had gone and left me,
Left me worried and blue
That gal's gone and left me
I don't know what I'm a gonna do.

Won't you give me some air,
She's the best girl I have seen
Treated me like a king,
But she was a doggone queen
Louise has gone and left me,
Left me worried in my mind
Well I don't mind her going
But Louise write me some of your lines.
