

# Evangeline

Randy Houser

Baby, let's get a little two-lane-crazy tonight  
We got a bottle of low-rent rum and one taillight  
That will prob'ly be there when you wake up  
But you can sleep on my shoulder in your makeup  
Baby, let's get a little two-lane-crazy tonight

Ride with me down to Louisiana  
Roll with me down to New Orleans  
We'll dip our toes in the Mississippi River  
Ride with me, Evangeline

If we leave right now they'll never even know we're gone  
And you say you ain't never been south of McComb  
We'll drive all night to get there  
Watch the sun come up from Jackson Square  
If we leave right now they'll never even know we're gone

Ride with me down to Louisiana  
Roll with me down to New Orleans  
We'll dip our toes in the Mississippi River  
Ride with me, Evangeline

Baby, let me show you the streets that gave you your name  
Your name

Ride with me down to Louisiana  
Roll with me down to New Orleans  
We'll dip our toes in the Mississippi River  
Ride with me, ride with me  
Won't you ride with me down to Louisiana  
Roll with me down to New Orleans  
We'll dip our toes in the Mississippi River (In the Mississippi River)  
Ride with me, Evangeline  
Won't you ride with me down to Louisiana  
Roll with me down to New Orleans  
We'll dip our toes in the Mississippi River (In the Mississippi River)  
Ride with me, Evangeline

(Won't you ride with me)
