

# Mamma Don't Know

Randy Houser

I know something that your mamma don't know

You don't like whiskey, you don't like no smoke  
There's things you won't do  
Places you won't go, I know  
Your mamma told me so

You ain't got a thing for bad boys  
Nah you won't stay out late  
Won't be no kissing, kid, won't be no second base  
Is that so?  
Your mamma told me so

But I see a little bit of devil in them blue eyes  
I get the feelin' mamma's baby's got a wild side  
It's our little secret, keep it on the down low  
I know something that your mamma don't know

You ain't got no tattoos, no lipstick on them lips  
You won't jump on the dancefloor  
Nah you won't shake them hips to no rock 'n' roll  
Your mamma told me so

But I see a little bit of devil in them blue eyes  
I get the feelin' mamma's baby's got a wild side  
It's our little secret, keep it on the down low  
I know something that your mamma don't know

I see a little bit of devil in them blue eyes  
I get the feelin' mamma's baby's got a wild side  
It's our little secret, keep it on the down low  
I know something that your mamma don't know

It's our little secret, keep it on the down low  
I know something  
You know something  
We know something that your mamma don't know
