

They Call Me Cadillac

Randy Houser

I've been known to lay around all day
Waitin' on that sun to go away
Well that's when I'm up slippin' on my boots
and headed out that door to have a few

And Then They Call me Cadillac
and when they do I holler back
Say come on now boys lets go,
and take a ride to the rodeo
Got a car load of cowgirls
I mean some really know how girls
In a saddle or bareback,
They Call me Cadillac

I've been known to giggle on a joke
Mostly when I'm smokin' on my smoke
and most folks know it's time for gettin' down
When I reach back and turn this hat around

And Then They Call me Cadillac
and when they do I holler back
Say come on now boys lets go,
and take a ride to the rodeo
Got a car load of cowgirls
I mean some really know how girls
In a saddle or bareback,
They Call me Cadillac

Well these hot little country mamas they turn me on
And I can hang there redneck saddle all night long

That's why They Call me Cadillac
and when they do I holler back
Say come on now boys lets go,
and take a ride to the rodeo
Got a car load of cowgirls
I mean some really know how girls
In a saddle or bareback,
They Call me Cadillac

One ride and they're comin' back
They Call me Cadillac
