

## Actin' Crazy

Randy Rogers Band

I barely found the time to write this letter  
Both jobs have got me workin' all the time  
Things are good here, they can always be better  
Got another show tomorrow night

And all I know is the rent's as high as Willie  
There's no snow and everybody's pretty  
And the smoke makes everything seem hazy  
And I ain't gettin' nowhere in this life actin' crazy

Just woke up on a park bench on Broadway  
This Superman cape wrapped around my neck  
Hey what I did last night was only krypyonite

Life is just one long, chaotic wreck

I've been told they serve liquor here for breakfast  
And these folks make me proud to be from Texas  
And I know this ain't how mamma raised me  
I ain't gettin' nowhere in this life actin' crazy

Everybody knows that you can't get high as Willie  
And there is snow, that's why everybody's skinny  
Gotta go, just been thinkin' about you lately  
I ain't gettin' nowhere in this life actin' crazy
