

The Human Atom Bomb

Randy

I played some Little Richard songs on my stereo
Tutti Frutti and Ooh! My Soul
He sang so wild and he sang so frantic, he's the father of rock
'n'roll

Human atom bomb - atom bomb
The human atom bomb
Human atom bomb - atom bomb
The human atom bomb, yeah!

Played some Little Richard songs on my stereo
Bama lama baby bama loo,
I need love, I need love, sweet little baby do you need love to
o?

Human atom bomb - atom bomb
The human atom bomb
Human atom bomb - atom bomb
The human atom bomb, 2 3 4

Bomb, atom bomb
Bomb, atom bomb
He was born in Macon Georgia back in 1932 - bomb, atombomb
To get his teenage kicks he knew just what to do - bomb, atombo
mb
He learned to play the piano, wrote the worlds first rock n'rol
l songs - bomb, atombomb
He had his roots in gospel music and nothing could go wrong - a
tombomb, atombomb
Could go wrong, no! nothing could go wrong, sweeter baby... Ooh
! My Soul

Human atom bomb - atom bomb, atom bomb, atom bomb
The human atom bomb
Human atom bomb - atom bomb, atom bomb, atom bomb
The human atom bomb, yeah!
Oh yeah, yeah, yeah!
