I make his heart burn like fire
Had him at hello like Jerry McGwire
One dose, one hit, take you higher
So you can call me the supplier
Now some might say I'm heartless like Mr. West
But bottom line, when you get this, you get the best
I won't seddle for less
Won't seddle for stress
I need progress, or I'm onto the next

Somebody call the ambulance
I said his heart on fire, he ain't have a chance
Act tough, but we both know who wears the pants
He's a good boy, I take them off and give a lap dance
Love a boss chick cause I know how to please them
But baby keep it on point cause I don't need them
Now here's the Case, I might touch, I might tease him
He wants the Georgia Peach, I know just what to feed him
