

Be Somebody

The Rasmus

Today's the 1st of November
I'll never finish this movie
Another night within these walls
I know I shouldn't surrender
Don't know what's happening to me
I'm too afraid to open the door

In this broken town
Nobody cares anymore
And there's no way out
I'll leave you a note on the floor
I don't care for royalty
Just wanna be somebody
You can't buy the loyalty
Just wanna be somebody
And every time I come around
Wanna leave my body
(Be somebody)

It's the 3rd of December
And I'm ready to fall
I've been trying to live but it hurts
They don't care what I'm doing
They don't know me at all
So why would I breathe anymore

I don't care for royalty
Just wanna be somebody
You can't buy the loyalty
Just wanna be somebody
And every time I come around
Wanna leave my body
My body

I don't care for royalty
Just wanna be somebody
I don't care for royalty
Just wanna be somebody
You can't buy the loyalty
Just wanna be somebody
And every time I come around
Wanna leave my body
Be somebody
