

## Well Well

The Rasmus

Here we go again,  
we ain't gonna bend to pretend  
it's a fight against the majority lipservice sucks,  
you know it sucks hate inside  
of me is breaking me,  
hurting me, killing me, burning me.  
We are still living we should party, yeah!  
Here we go again in the world of lie.  
Try to please everyone by being flexible  
this narrow atmosphere is,  
restricting words you say hate  
inside of me is breaking me,  
hurting me, killing me, burning me.  
Well well you can always tell  
it doesn't matter whether you hate or love me.
