

## I Get What I See

**Raunchy**

I'm bad, I'm a bad bad boy  
Just think of what I've destroyed  
You might say that I'm evil  
I don't care about people  
You might say that I'm evil  
I don't care about ugly people

Who cares? Well it matters to me  
and it would matter to you if you dared

So natural  
It lies deep down in me  
Cause you have blinded eyes  
I get what I see

When I'm down I'll feel it  
And I'll probably lose my mind one time  
Or who knows it might last forever  
The needle spins in the same ol' line
