

# Jump In

Raven-Symoné

Ooooooh yea!  
C'mon c'mon c'mon  
Tick tock (jump, jump) tick tock (jump, jump in)  
Jump in, let the party rock

Why  
you chillin on the  
Side (why you on the side?)  
Ooo it's kinda tight  
C'mon and join the  
ride  
Stay  
check out and be  
Changed  
The song is gonna  
Play  
What I'm tryna say  
We're gonna celebrate  
Don't hesistate and tear my holiday

Get the party, jump in, jump in!  
You can be start of something!  
Get out on the floor  
and dance some more  
No need to hold back now (no need to hold back now)  
Get the party, jump in, jump in!  
All you gotta do is one thing  
Enjoy yourself  
I know you will  
'Cause I'm gonna show you how!

To lose control  
and let yourself go  
Never try, never know  
Be who you are and let it  
Show  
Groove  
Anyway you like  
To  
Whatever makes you wanna  
Move  
When the music plays, so irresistable  
It's true, you can't refuse what you will do!

Get the party, jump in, jump in!  
You can be start of something!  
Get out on the floor  
and dance some more  
No need to hold back now (no need to hold back now)  
Get the party, jump in, jump in!  
All you gotta do is one thing  
Enjoy yourself  
I know you will  
'Cause I'm gonna show you how! (I'm gonna show you how)

Music will make you do anything you wanna do  
Now's the time to move your body to the groove

Tick tock tick tock  
Jump in let the party rock

Music will make you do anything you wanna do  
Now's the time to move your body to the groove  
Tick tock tick tock  
Jump in let the party rock

Get the party, jump in, jump in!  
You can be start of something!  
Get out on the floor  
and dance some more  
No need to hold back now (no need to hold back now)  
Get the party, jump in, jump in!  
All you gotta do is one thing  
Enjoy yourself  
I know you will  
'Cause I'm gonna show you how! (I'm gonna show you how!)

Get the party, jump in, jump in!  
You can be start of something!  
Get out on the floor  
and dance some more  
No need to hold back now (I wanna see you dance, dance)  
Get the party, jump in, jump in!  
All you gotta do is one thing  
Enjoy yourself  
I know you will  
'Cause I'm gonna show you how!

Music will make you do anything you wanna do Now's the time to move your body to the groove  
Tick tock tick tock

Let the party rock!
