

## Keep A Friend

Raven-Symoné

He who asks for a friend must first prove himself friendly  
Trials will come.  
Will you be fair weathered or will you be steady

Sure, firm, are you my friend?

We were close  
Closer than most  
More than friends nothing could come between us and then  
Arguments and experience  
Came creepin in how long has it been

Didn't want you to leave  
We couldn't agree  
So I said to you stop talkin to me  
That's where we left and now I'm reconsidering  
I did the wrong thing girl listen to me

Tell me what's up (what's up)  
I've had enough (enough)  
How do we get back on telling you sorry  
My mom said that's how you keep a friend, keep a friend (keep a friend)  
Tell her you're sorry when you're wrong  
That's how you keep a friend  
That's the way you keep a friend (that's how you keep a friend)  
That's the way you keep a friend (that's how you keep a friend)

I told you things I never told nobody  
We shared everything  
Somebody told you I was in town  
Where was I, had you gotten a reply  
I apologize wish you'd come around

Can't even remember why we feel apart  
But I'm so glad we got back together  
Girl you're like a sister to me  
So much more than a friend  
So make sure it don't happen again

What I gotta do to put this thing back together
