

# Into the Jaws of Death

Raven

No reason no guilt

You got to lay your life down on the line

No future have faith

Your kingdom come is waiting

No heroes just fools

Donate your existence to the

Calling coming

Power sent from heaven hell on Earth

Bleeding

Screaming life is slipping through your fingers

Falling

Into the jaws

Into the jaws of death

Into the jaws

Into the jaws of death

Raw power you serve

Crucifixion benediction

Damnation in hell

Begging on your knees

Forgiveness you crave

Cross my palm with silver hear the

Calling coming

Power sent from heaven hell on Earth

Bleeding

Screaming life is slipping through your fingers

Falling

Into the jaws

Into the jaws of death

Into the jaws

Into the jaws of death
