

Blue Moon of Kentucky

Ray Charles

A blue moon of Kentucky, keep on shining
Shine on the one that's gone and left me blue
Blue moon of Kentucky keep on shining
Shine on the one that's gone and left me blue.

Well, it was on one moonlit night
Stars shining bright
Whispered on high, you never said good-bye.
I said Blue moon of Kentucky keep on shining
Shine on the one that's gone and left me blue.

Blue Moon, Of Ken.. Why don't you keep on shining, shining
Shine on the one that's gone and left me blue now
keep on shining
Shine on the one that's gone and left me blue

Well, it was on one moonlit night
Stars shining bright
Whispered on high, you never said good-bye.
Blue moon of Kentucky keep on shining
Ah shine on the one that's gone and left me blue.

Left me blue,
left me blue,
left me blue.

Ahhh, Yes sir!
Well, It's all right, keep on shining now...
