Ray J

Gotta know what you want  
You gotta at least see me  
It's time to pop yo knees  
Toungin up n down on you  
It's hot up in this piece  
I'm thirsty as can be  
Need you to come and wet me baby

Spend the day with me, come and play with me  
Don't you want some steadily, I can't see why you teasing me  
You and I both know you ready  
Slide your hand right here, feel so clear, my pants they get so  
heavy  
Just helpin you learn you baby don't you worry

Now what is it gonna be  
Can you stop exciting me (baby don't you wanna lay with me, cra

But seriously how can I express how much my mouth is dry (baby  
won't you come  
And patiently wet me)

I gotta know what you want, you gotta at least see me  
Toungin up n down on you (toungin up n down on you)

Your body's got that juice (you need to come n wet me babe)

Gotta know what you want
