

Roll Me Mama, Roll Me

Ray LaMontagne

Will you love me when I'm at your door?
Will you turn me out or give me more?
Roll me mamma, roll me like only you can, and you can
Roll me mamma, roll me like only you can, yes and you can
Oh, shake it

Will you teach me of the lights you've found?
Will you lift my heart up off the ground?
Roll me mamma, roll me like only you can, and you can
Roll me mamma, roll me like only you can, yes and you can
Oh, shake it

Am I to believe that all I see and feel
Really only dreaming?
I don't want a shadow life, I want the clouds
The sea, the sky, the real things

Roll me mamma, roll me like only you can, and you can
Roll me mamma, roll me like only you can, and you can
Oh, shake it, shake it, shake it
