

Please Don't Leave Me

Ray Price

Please don't leave me, dear, I love you
I have place no one above you
And I'm always [unverified] of you
Please don't leave, I love you

Please don't leave me, dear I need you
Can't you see how much I need you
On my knees I beg and plead you
Please don't leave, I love you

I need you more than my world needs the sunlight
Because it's you that makes my world bright

Don't you love me just a little?
Don't you need me just a little?
Don't you want me just a little?
Please don't leave, I love you

I need you more than my world needs the sunlight
Because it's you that makes my world bright
