

Moonshine

Ray Stevens

Moonshine
In a Mason jar
Moonshine
Set your belly on fire
Moonshine
Make you wonder where you are
Make you jump and make you holler
Every time you take a swaller

Moonshine
Hillbilly corn liquor
Moonshine
Yeah there ain't nothin' quicker
Moonshine
Make you giggle make you snicker
Make you dance a little jig
Every time you take a swig

Of Kickapoo, Mountain Dew
White Lightnin' and Stump Hole
Tiger Sweat, Panther Breath
Pop Skull, Skull Cracker
It's a real lip smacker
Gugh gugh gugh gugh gugh gugh gugh

Moonshine
Call it what you will
Moonshine
From a Smoky Mountain still
Moonshine
Just a Five Dollar Bill
Make you brag make you swagger
Make you stumble make you stagger

Moonshine
It's got a lotta names
Moonshine
It'll all warp your brain
Moonshine
Set your goozle all aflame
Some call it corn squeezins
Awful good and awful pleasin'

Kickapoo, Mountain Dew
White Lightnin' and Stump Hole
Tiger Sweat, Panther Breath
Pop Skull, Skull Popper
It's a real show stopper
Gugh gugh gugh gugh gugh gugh gugh

Moonshine
In a m-m-mason Jar
Moonshine
Oh my belly's on fire
Moonshine
I can't find my car
Teeth are itchin' nose is twitchin'

Pardon me but did I mention
Moonshine
I think I've had enough
Moonshine
Yeah I'm feelin' kinda rough
Moonshine
Don't want no more of this stuff
Got me crawlin' cross the the floor
That's it I'm done for
