

Room Full of Roses

Ray Stevens

If I sent a rose to you
Every time you made me blue
You'd have a room full of roses
And if I sent a rose of white
Every time I cried all night
You'd have a room full of roses

And if you took the petals
And you tore them all apart
You'd be tearing at the roses
The way you tore my heart

If someday you're feeling blue
You could send some roses too
Well, I don't want a room full of roses
I just want my arms around you

And if you took the petals
And you tore them all apart
You'd be tearing at the roses
Just the way you tore my heart

If someday you're feeling blue
And you could send some roses too
Well honey, I don't want a room full of roses
Oh, I just want my arms around you
