

Spring Is Here

Ray Stevens

Spring is here
Why don't I feel like dancin'
Spring is here
Why don't I feel like romancin'

No desire, no ambition leads me
Maybe it's because nobody needs me

Spring is here
Why doesn't the breeze excite me
Stars appear
Why doesn't the night invite me

Maybe it's because nobody loves me
Spring is here, spring is here
Spring is here, I hear

Maybe it's because nobody loves me
Spring is here, spring is here
Spring is here, I hear
