

Throw the Bums Out

Ray Stevens

Well, you're on the wrong side of the American voter
All you RINO's, liberals, middle-of-the-roaders
You're so out of touch, no clue what we're all about

Hey America, what you say
Let's throw the bums out
(Throw the bums out)
Let's throw the bums out
(Throw the bums out)

Well, you've been playing both sides against the middle class
Flying in your private jets and burning that gas
Off to Copenhagen while the future of the country's in doubt

Hey America, what you say
Let's throw the bums out
(Throw the bums out)

Throw the bums out
Yeah, and start all over again
Cut up that Congressional credit card
My wallet's not an A.T.M.

Let's throw the bums out
(Throw the bums out)
Yeah, throw the bums out
(Throw the bums out)

Well, Obama's tax man cheats on his own taxes
Congress won't read the bill but insists that it passes
Let's see those shovel-ready jobs
My doctor's gonna need one now

Hey America, what you say
Let's throw the bums out
(Throw the bums out)

Throw the bums out
And vote some patriots in
Let's cut up that congressional credit card
My wallet's not an A.T.M.

Let's throw the bums out
(Throw the bums out)
Yeah, throw the bums out
(Throw the bums out)

Throw the bums out
(Throw the bums out)
Throw the bums out
(Throw the bums out)

Throw the bums in
(Throw the bums out)
Hey, throw the bums out, you know
(Throw the bums out)
