

Didn't I

Ray Thomas

They say that love should last forever
Forever's such a long long time
And my darling I still love you
Is that a crime

Didn't I buy you pretty flowers
Didn't I tie them in your hair
Didn't we spend those precious hours
Without a care

Didn't our love burn like the sun
Didn't our passion run so very high
Didn't we aim for the moon
But our love died too soon
And that's no lie

Didn't our love burn like the sun
Didn't our passion run so very high
Didn't we aim for the moon
Then our love died too soon
And that's no lie

Didn't I love you in the morning
Didn't I love you through the day
Then our love left without warning
Memories don't die
Do they

And they say that love should last forever
Forever's such a long long time
And my darling I still love you
Is that my crime
