

Staring out the window in my bedroom makes me think back  
I see me as a boy out there  
Lying in the grass  
Singing songs with all the wrong notes  
And graduating high school as my mom cries  
I'm writing the same song over and over again  
And feeling lost  
I've always felt so lost

I'm fucking up and getting over it  
I'm over it  
I'm fucking up and getting over it  
I'm over it  
I'm over it

I used to get half way home and give up on getting there  
I'll stumble over my own feet  
Thinking about everyone and everything that got past me

I clenched the wheel the whole way home from Cleveland  
With nothing more than my eyes half way open  
And my hand smelling like smoke  
Each mile I drive gets me closer to the streets that made me feel alone  
I'm out of place and it doesn't feel wrong

I'm fucking up and getting over it  
I'm over it  
I'm fucking up and getting over it  
I'm over it  
I'm over it

I used to get half way home and give up on getting there  
I'll stumble over my own feet  
Thinking about everyone and everything that got past me

I'll stumble over my own feet  
Thinking about everyone and everything that got past me
