F# E H (2x)

F# E
Lost on a road going nowhere
H
Trying to take on the world
F# E
Searching for some one who understands
H
Sweet girl, sweet girl
F# E
Walking through fields of fire
H
Hopelessly reaching for the skies
F# E
Watching the flames growing higher
H
Tonight

F# E H
And she danced like serpentine..
She's my burning desire
F# E H
She mystifies..

Her loves sets me on fire..

All of the fears that you're facing

No one can stop us from reaching

Who says the Innocent survive
F# E
One more step into nowhere
