

# Wasted Youth

Rebecca Black

It was cold, we were laying by the lake  
And oh, that's when I made my first mistake  
I was sold, yeah, I thought that it was fate  
Oh no, that's when I first felt my heart break

Lust, it made us hungry like the wolves  
We chose to act like fools  
We were young, thought we were wildly in love

But I wasted all my youth on you  
Wasted all my youth on you  
Oh, wasted youth  
Oh, wasted youth

You, you stole the better parts of me  
Cruel, you took my good and left no peace  
Soon, there'll be no beauty left to see  
Truth, wish I could erase memories

Lust, it made us hungry like the wolves  
We chose to act like fools  
We were young, thought we were wildly in love

But I wasted all my youth on you  
Wasted all my youth on you  
Oh, wasted youth  
Oh, wasted youth

If I had the chance to take it back  
I'd waste it again, waste it again

Wasted all my youth on you (wasted my youth, wasted my youth)  
Wasted all my youth on you (you-u-uth)  
Oh, wasted youth  
Oh, wasted youth

If I had the chance to take it back  
I'd waste it again, waste it again
