

## Patience

## Rebelution

I just need some time with you  
Waiting for my turn  
Maybe isn't good enough  
I'm patient, I ain't givin' up, no  
Just enough room for two  
Let me show you what I've got for you  
Maybe isn't good enough  
Well, I'm patient, I ain't givin' up, no

Yes, I know, been a long day  
But my love is your escape  
Am I misunderstood?  
So many questions  
I wish I could get you alone  
I can read your eyes on me  
But I can't read your mind  
Slowly, can I be your  
Everything and more that you ask for  
I'll be waiting on you

I just need some time with you  
Waiting for my turn  
Maybe isn't good enough  
I'm patient, I ain't givin' up, no  
Just enough room for two  
Let me show you what I've got for you  
Maybe isn't good enough  
Well, I'm patient, I ain't givin' up

Yes, I know been a long time  
But my love will be worthwhile  
Am I clueless from the start?  
Like a shot in the dark  
Still, I can see your eyes turn wide  
And I can feel the tension rise  
Can I be your  
Everything and more that you ask for  
I'll be waiting on you

I just need some time with you  
Waiting for my turn  
Maybe isn't good enough  
I'm patient, I ain't givin' up, no  
Just enough room for two  
Let me show you what I've got for you  
Maybe isn't good enough  
Well, I'm patient, I ain't givin' up, no

Maybe isn't good enough  
I'm patient, I ain't givin' up

Maybe's not good enough  
Patience, I'm not givin' up, no

Maybe's not good enough  
Patience, I'm not givin' up, no
