

## Satisfied

## Rebelution

No one's alone  
In this tight-knit zone  
You know that all are welcome, anyone  
We hold our own and our footprint shows  
That our one is worth a million  
And where we go this connection grows  
You know we unify with everyone  
No competition, we got mind over matter  
For that reason we already won

La la la la la la  
Tell me what you need  
Are you sure?  
Are you good?  
Are you satisfied?  
La la la la la la  
Sticking to the plan to a T  
Keep it fam'  
Keep em satisfied  
La la la la la la  
Take it to the heights  
But we keep it real tight  
Watch it multiply  
La la la la la la  
Are you satisfied?

What do you value?  
Is it quality or quantity  
What's the top commodity  
Either way it's all about fairness and equality  
That's what we wanna see  
What we always strive to be  
A force in this reality  
With a true identity  
Who are we?  
All I know is who we're not  
We don't reach for the masses  
We got energy and lots of it  
We got a plot  
To liberate your thoughts  
And those who got caught  
Come on home  
Got a spot for you

La la la la la la  
Tell me what you need  
Are you sure?  
Are you good?  
Are you satisfied?  
La la la la la la  
Sticking to the plan to a T  
Keep it fam'  
Keep em satisfied  
La la la la la la  
Take it to the heights  
But we keep it real tight  
Watch it multiply

La la la la la la  
Are you satisfied?

We got a home you can call your own  
Just know that all are welcome, anyone  
We make it known and our movement shows  
That our one is worth a million  
And as we grow the intention glows  
You know we unify with everyone  
Stay on a mission trying to bridge the division  
Go on and tell em where you come from

La la la la la la  
Tell me what you need  
Are you sure?  
Are you good?  
Are you satisfied?  
La la la la la la  
Sticking to the plan to a T  
Keep it fam'  
Keep em satisfied  
La la la la la la  
Take it to the heights  
But we keep it real tight  
Watch it multiply  
La la la la la la  
Are you satisfied?
