

You and I

Rebelution

I can't deny my heart
Beats for you
You can't deny these sparks
Set the mood
Here's my hand forever
Hold it tight together
You and I

I'll wait for you, my dear
For the day
You say I do, my dear
And drift away
Hold my hand forever
Fly away together
You and I

I wanna waste some time
Right by your side
Watch the day fly by
And not even mind

I can't deny my heart
Beats for you
You can't deny these sparks
Set the mood
Here's my hand forever
Hold it tight together
You and I
