

Pure Quill

Reckless Kelly

Sometimes you gotta swallow a bitter pill
Sometimes you gotta lean on the window sill
Sometimes you gotta be like Jack and Jill
We always gotta be Pure Quill
Sometimes remember that I always will
Sometimes remember I get my fill
Sometimes remember I'm standing still
Always remember Pure Quill

Pure Quill remembers to spend the night
Pure Quill remembers I'm always right
Pure Quill is right beside of me
Pure Quill is deep inside of me
Need someone to love you and I will
Need someone to love you Pure Quill
Always remember that I will
Always remember Pure Quill
Pure Quill is right beside me
Pure Quill is deep inside of me
Need someone to love you and I will
Need someone to love you Pure Quill
