

## Arrows

Red Fang

I'll take the time it takes to make it right  
He'll take his pills and ethers  
My mind's designed to find this kind of light  
He'll find the darker side

Oh, oh, oh  
Oh, oh, oh  
Oh, oh, oh  
Oh, oh, oh, oh

He'll travel time to oversimplify  
I'll separate the arrows  
He rakes his eyes to stave away the sight  
I'll soak the sunlight blind

I'll take the time it takes to make it right  
He'll take his pills and ethers  
My mind's designed to find this kind of light  
He'll find the darker side
