

Endless Sea

Red Fang

On a sea we pray for victory
On an endless sea
On a sea we pray for victory
On an endless sea
Through space and time
These crystal vines
Entwined our fate
With xaryxispace
Now we decide
Who lives or dies
While we retreat
To the Astral Sea
No mercy, no mercy
No mercy, no mercy
No mercy, no mercy
No mercy, no mercy

Ring of stars
Brought to the heart
It will erase
All xaryxispace
Which empire
Left to survive
Spare the elves
Or save ourselves?
On a sea we pray for victory
On an endless sea
On a sea we pray for victory
On an endless sea
No mercy, no mercy
No mercy, no mercy
No mercy, no mercy
No mercy, no mercy
